**FOR IMMEDIATE RELEASE**

## **RAILWORKS CORPORATION APPOINTS INDUSTRY VETERAN TO LEAD TRANSIT SYSTEMS SUBSIDIARY**

*Mark Patterson Named President of L.K. Comstock National Transit, Inc.*

New York, NY - (May 20, 2013) – RailWorks Corporation, a leading provider of track and transit systems construction and maintenance services throughout the United States and Canada, announced today that Mark Patterson has been named president of its transit systems subsidiary L.K. Comstock National Transit, Inc.

In his new position, Patterson is responsible for leading L.K. Comstock National Transit, which specializes in performing design support, engineering and installation, testing, start-up and maintenance services for mass transit systems. L.K. Comstock National Transit provides services throughout the United States, outside the Greater New York area, which has been served by RailWorks subsidiary L.K. Comstock & Company, Inc., since 1904.

Patterson has 30 years of operations management experience focusing on the rail and power industries in both the United States and Great Britain. Since coming to L.K. Comstock in 2006, he has served as Vice President of Operations and has overseen the successful completion of numerous major transit systems projects, including in the Dallas and Seattle metropolitan areas as well as at Washington Dulles and Miami international airports.

“Under Mark Patterson’s leadership, L.K. Comstock National Transit has achieved an exemplary safety record while completing a diverse range of transit systems projects, including light rail, streetcars and automated people movers involving communications, train control, traction power, SCADA systems and track work,” said RailWorks Corporation President & CEO Jeffrey M. Levy. “Mark is a capable and proven leader who will guide L.K. Comstock National Transit as it continues to grow and execute even more complex systems projects that are integral to the future of mass transit.”

**About RailWorks Corporation-** Founded in 1998, RailWorks provides track and transit systems construction and maintenance services throughout the United States and Canada. With annual revenue of \$684 million, RailWorks is a leading provider of integrated construction services for major transit authorities, Class I and short line railroads as well as commercial and industrial companies with rail infrastructure. RailWorks is a privately held company. For more information, see [www.railworks.com](http://www.railworks.com).

**L.K. Comstock National Transit** is one of the United States’ largest specialty electrical contractors serving the transit industry. A subsidiary of RailWorks Corporation, the firm specializes in performing design support, engineering and installation, testing, start-up and maintenance services for heavy, commuter and light rail lines and automated people mover applications. L.K. Comstock has an unparalleled record of accomplishment, completing more than 100 projects for most of the major U.S. transit authorities with work totaling in excess of \$3 billion. L.K. Comstock National Transit, Inc., serves areas throughout the United States and is based in Atlanta, Ga.
