**RAILWORKS CORPORATION NAMES
PRESIDENT OF TRACK CONSTRUCTION SUBSIDIARY**

Ed Kennedy is promoted to President of RailWorks Track Services

New York, N.Y. - (September 12, 2012) – RailWorks Corporation, North America’s leading provider of track and transit & systems construction and maintenance services, announced today that Ed Kennedy has been promoted to president of RailWorks Track Services, Inc.

Kennedy has served since 2007 as vice president and general manager of RailWorks Track Services, RailWorks Corporation’s track construction and maintenance subsidiary serving the Midwest and Northeast markets. He is responsible for directing all aspects of operations through RailWorks Track Services’ six regional and local offices. Under his leadership, RailWorks Track Services has significantly expanded its revenue and geographic service area while successfully completing a range of large, high-profile industrial, railroad and public transit construction projects.

Kennedy has worked in the railroad construction industry for 20 years, beginning as a track laborer and working through progressively responsible positions to his current role with RailWorks Track Services.

“Ed has provided leadership throughout the RailWorks organization since its founding in 1998 and has been instrumental in not only the company’s growth, but also its exceptional performance in safety, quality and operational efficiency,” said John August, executive vice president of RailWorks Corporation. “Ed exemplifies the type of leadership we believe is essential to guide our organization to future success.”

RailWorks Corporation provides track and transit systems construction and maintenance services throughout the United States and Canada. With annual revenue in excess of \$580 million, RailWorks is a leading provider of integrated construction services for major transit authorities, Class I and short line railroads as well as commercial and industrial companies with rail infrastructure. RailWorks is a privately held company founded in 1998. For more information, see www.railworks.com.
